## COFFIN & CASKET SELECTION

# Coffins and Caskets

Choosing an appropriate coffin or casket which means something to you will help with the bereavement process and it is an important but necessary part of your funeral arrangement.

We have many different options available each offering a unique set of features, but before choosing it is perhaps worth taking a look back at the life of your loved one as this may point to the type of coffin or casket that would best represent their unique life. Were they for instance interested in the environment? Or perhaps they had a love of their garden or were a lifelong supporter of a football club, or maybe they were a very traditional person that liked things just so.

### Traditional Coffins and Caskets

Our range of traditional coffins covers many styles and materials, from standard styles of coffins and caskets in solid or veneered wood to more elaborate styles with intricate panelled sides and raised lids.

### Picture Coffins

A picture paints a thousand words. Reflections is a range of picture coffins that can showcase picture quality images on the coffin. These images can be of absolutely anything, for example a collage of images of your loved one's life, a theme dedicated to the football club supported or a favourite place or hobby your loved one liked. A picture coffin really shows the uniqueness of your loved one's life.

A selection of alternative coffins and caskets made from materials such as Bamboo, Wicker, Wool and Seagrass. Offering an environmental feel to the funeral and due to the nature of the materials used can appear to be a 'softer' option than a traditional wood coffin.

A range of genuine American caskets, provided exclusively to us in partnership with Aurora Caskets. Made in a variety of solid woods and metals, with a range of decorative finishes.
